Dear Tinika Warren:

This letter is about your complaint received by the U.S. Department of Agriculture (USDA), Food and Nutrition Service (FNS) Civil Rights Division (CRD) on September 20, 2020. FNS CRD has determined that we will not be able to investigate your complaint. The basis for this determination is set forth below:

- In a letter dated September 22, 2020, FNS CRD requested that you provide us with additional information for us to continue our review of your complaint.
- FNS CRD also advised you that if we did not receive the requested additional information within 20 days, FNS CRD would not be able to investigate your complaint and would close your case.

Based on your failure to cooperate with our investigation we have closed your case and FNS will take no further action. If you have any questions regarding this letter, please contact FNS CRD at (703) 305-2195.

Sincerely,

A handwritten signature in black ink that reads "Roberto Contreras (for)".
