

5. Quote

Quote Summary

The rental rate quote listed below has been generated based on the apartment home’s availability at the time of the quote, the move-in date, and the lease term you have requested. You can lock in this price for two business days from the date the quote was requested. After the quote, any changes to the move-in status (such as a change in the move-in date, lease, term, and/or following the quote grace period), will require re-quoting, in which case, a different monthly rental rate may result. **Please note that pet fees and deposits will vary based on the type, weight, and number of pets.** Please note that a quote is not a lease and that actual fees and deposit amounts may vary. For more information, please contact the office at (803) 799-1919.
