Hello,

Thank you for contacting the National Human Trafficking Hotline, operated by [Polaris](#). The National Hotline is a national, 24-hour call center that responds to cases of human trafficking. Human trafficking is defined as a situation in which an individual is compelled to work or engage in commercial sex through the use of force, fraud, or coercion. Force, fraud, or coercion need not be present if the individual engaging in commercial sex is under 18 years of age. For further information on human trafficking, please click [here](#).

Tips related to human trafficking are reviewed by National Hotline staff and referred to the most appropriate agencies. The National Hotline does not handle cases regarding other types of crimes and will be unable to follow up on the situation you describe without more concrete indicators of human trafficking. We encourage you to report the concerns mentioned in your email to the local police department or regional FBI office. To find contact information for your local FBI office, please click [here](#). If you believe that you may need legal representation or would like to speak with a lawyer, you can find one in your area by clicking [here](#). You may also wish to contact the following non-governmental organization which assists victims of crimes:

National Organization for Victim Assistance (NOVA): 1-800-TRY-NOVA

If you believe you have information concerning a potential trafficking situation, we encourage you to contact our confidential, 24-hour hotline at 1-888-373-7888 and reference **Case No. 00779877**. Hotline Advocate would be happy to talk through the situation with you and recommend the most appropriate next steps.

Sincerely,

The National Human Trafficking Hotline**Operated by [Polaris](#)**

24-Hour National Hotline: 1-888-373-7888

Text INFO or HELP to: BeFree (233733)

help@humantraffickinghotline.orgwww.humantraffickinghotline.org

If you are a victim of human trafficking and need immediate help or if you suspect a potential trafficking situation, call the National Human Trafficking Hotline at 1-888-373-7888 or send a text to BeFree (233733).

Si tú eres víctima de trata de personas y necesitas ayuda inmediata o si sospechas que alguien puede estar en esta situación, llama a la Línea Nacional Contra la Trata de Personas 1-888-373-7888.

wtinika03 Action Required Unknown To address	Office 365	shalaine.archie Recipient
--	-------------------	-------------------------------------

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.10 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? [Send feedback to Microsoft](#).

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

- The email address exists and is correct** - Confirm that the recipient address exists, is correct, and is accepting messages.
- Synchronize your directories** - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.
- Errant forwarding rule** - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see [Fix email delivery issues for error code 5.1.10 in Office 365](#).

Subject: National Human Trafficking Hotline - Case 00779877

To: wtinika03@gmail.com <wtinika03@gmail.com>

Hello,

Thank you for contacting the National Human Trafficking Hotline, operated by [Polaris](#). The National Hotline is a national, 24-hour call center that responds to cases of human trafficking. Human trafficking is defined as a situation in which an individual is compelled to work or engage in commercial sex through the use of force, fraud, or coercion. Force, fraud, or coercion need not be present if the individual engaging in commercial sex is under 18 years of age. For further information on human trafficking, please click [here](#).

Tips related to human trafficking are reviewed by National Hotline staff and referred to the most appropriate agencies. The National Hotline does not handle cases regarding other types of crimes and will be unable to follow up on the situation you describe without more concrete indicators of human trafficking. We encourage you to report the concerns mentioned in your email to the local police department or regional FBI office. To find contact information for your local FBI office, please click [here](#). If you believe that you may need legal representation or would like to speak with a lawyer, you can find one in your area by clicking [here](#). You may also wish to contact the following non-governmental organization which assists victims of crimes:

National Organization for Victim Assistance (NOVA): 1-800-TRY-NOVA

If you believe you have information concerning a potential trafficking situation, we encourage you to contact our confidential, 24-hour hotline at 1-888-373-7888 and reference **Case No. 00779877**. Hotline Advocate would be happy to talk through the situation with you and recommend the most appropriate next steps.

Sincerely,

The National Human Trafficking Hotline

Operated by [Polaris](#)

24-Hour National Hotline: 1-888-373-7888

Unknown To address		

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.1 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

Status code 554 5.4.14

Typically this error occurs because the recipient email address is incorrect or doesn't exist at the destination domain. This can usually be fixed by the sender. However,

sometimes the issue needs to be fixed by the recipient or the recipient's email admin. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. A forwarding rule can be configured by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow settings or MX records can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

Mail loop detected - This error also indicates that the receiving organization's email settings are misconfigured, creating a mail loop when a message is sent to an address that isn't found in their directory. This usually won't disrupt mail flow for recipients that actually exist, but the recipient's email admin should fix the misconfiguration to reduce the chance of any other mail flow issues. A common cause for this loop is that the recipient's domain is configured as "Internal Relay" when it should be "Authoritative." Another common cause for the loop is that both the sender and recipient are part of the same organization, but the sender's mailbox is hosted by Office 365, while the recipient's mailbox is hosted on-premises, and an outbound connector from Office 365 to the on-premises email servers is missing or misconfigured. To fix this, the recipient's email admin should create a correctly configured outbound connector in Office 365 to route the message to the on-premises mailbox.

For more information and tips to fix this problem, see [Fix email delivery issues for error code 5.4.14 in Office 365](#).

Subject: National Human Trafficking Hotline - Case 00779877

To: wtinika03@gmail.com <wtinika03@gmail.com>

Hello,

Thank you for contacting the National Human Trafficking Hotline, operated by [Polaris](#). The National Hotline is a national, 24-hour call center that responds to cases of human trafficking. Human trafficking is defined as a situation in which an individual is compelled to work or engage in commercial sex through the use of force, fraud, or coercion. Force, fraud, or coercion need not be present if the individual engaging in commercial sex is under 18 years of age. For further information on human trafficking, please click [here](#).

Tips related to human trafficking are reviewed by National Hotline staff and referred to the most appropriate agencies. The National Hotline does not handle cases regarding other types of crimes and will be unable to follow up on the situation you describe without more concrete indicators of human trafficking. We encourage you to report the concerns mentioned in your email to the local police department or regional FBI office. To find contact information for your local FBI office, please click [here](#). If you believe that you may need legal representation or would like to speak with a lawyer, you can find one in your area by clicking [here](#). You may also wish to contact the following non-governmental organization which assists victims of crimes:

National Organization for Victim Assistance (NOVA): 1-800-TRY-NOVA

If you believe you have information concerning a potential trafficking situation, we encourage you to contact our confidential, 24-hour hotline at 1-888-373-7888 and reference **Case No. 00779877**. Hotline Advocate would be happy to talk through the situation with you and recommend the most appropriate next steps.

Sincerely,

The National Human Trafficking Hotline

Operated by [Polaris](#)

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: [Fix email delivery issues for error code 5.1.1 in Office 365](#), and then send the message again. Retype the entire recipient address before selecting **Send**.

More Info for Email Admins

Status code 554 5.4.14

Typically this error occurs because the recipient email address is incorrect or doesn't exist at the destination domain. This can usually be fixed by the sender. However, sometimes the issue needs to be fixed by the recipient or the recipient's email admin. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email

admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. A forwarding rule can be configured by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Mail flow settings and MX records are not correct - Misconfigured mail flow settings or MX records can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

Mail loop detected - This error also indicates that the receiving organization's email settings are misconfigured, creating a mail loop when a message is sent to an address that isn't found in their directory. This usually won't disrupt mail flow for recipients that actually exist, but the recipient's email admin should fix the misconfiguration to reduce the chance of any other mail flow issues. A common cause for this loop is that the recipient's domain is configured as "Internal Relay" when it should be "Authoritative." Another common cause for the loop is that both the sender and recipient are part of the same organization, but the sender's mailbox is hosted by Office 365, while the recipient's mailbox is hosted on-premises, and an outbound connector from Office 365 to the on-premises email servers is missing or misconfigured. To fix this, the recipient's email admin should create a correctly configured outbound connector in Office 365 to route the message to the on-premises mailbox.

For more information and tips to fix this problem, see [Fix email delivery issues for error code 5.4.14 in Office 365](#).

Subject: National Human Trafficking Hotline - Case 00779877
To: wtinika03@gmail.com <wtinika03@gmail.com>

Hello,

Thank you for contacting the National Human Trafficking Hotline, operated by [Polaris](#). The National Hotline is a national, 24-hour call center that responds to cases of human trafficking. Human trafficking is defined as a situation in which an individual is compelled to work or engage in commercial sex through the use of force, fraud, or coercion. Force, fraud, or coercion need not be present if the individual engaging in commercial sex is under 18 years of age. For further information on human trafficking, please click [here](#).

Tips related to human trafficking are reviewed by National Hotline staff and referred to the most appropriate agencies. The National Hotline does not handle cases regarding other types of crimes and will be unable to follow up on the situation you describe without more concrete indicators of human trafficking. We encourage you to report the concerns mentioned in your email to the local police department or regional FBI office. To find contact information for your local FBI office, please click [here](#). If you believe that you may need legal representation or would like to speak with a lawyer, you can find one in your area by clicking [here](#). You may also wish to contact the following non-governmental organization which assists victims of crimes:

National Organization for Victim Assistance (NOVA): 1-800-TRY-NOVA

If you believe you have information concerning a potential trafficking situation, we encourage you to contact our confidential, 24-hour hotline at 1-888-373-7888 and reference **Case No. 00779877**. Hotline Advocate would be happy to talk through the situation with you and recommend the most appropriate next steps.

Sincerely,

The National Human Trafficking Hotline
